Explorers and Kindergarten Informational Meetings

Can you believe it is time for registration for next year!

At Little School we will offer two informational meetings. The first one will be a kindergarten meeting. At this meeting we will present information that will help you decide if your child is prepared to go to kindergarten or if they would benefit from a program like our Explorers program. We will also give you some information on the registration process.

In early December, we will offer an Explorers Informational meeting where we will discuss what our 5 year-old program consists of and answer any questions you have.

Registration for Little School for the following school year will begin at 9:00am on January 6th.

Music Class News

This month in music, we will be singing “He’s Got the Whole World” which ties into our chapel theme of Courage. It helps us to have courage when God has us in his hands. We will also sing our fun Thanksgiving songs to remind us of how grateful we are for what we have. November also brings the start of our Christmas program practicing. Look for songs like, “Mr. Turkey,” “Thanks to our Father,” and I’m Glad I am not a Turkey”

Chapel!

In November, we will learn about courage. In the bible there are many stories about courage such as David and Goliath, Joshua and Caleb, and many stories about the life of Jesus. Ms. Kelly will be bringing her tortoise in to show the children the courage of a tortoise. When a tortoise is scared, he hides in his shell. However he can't stay in there forever, and he has to be brave and come out of his shell to experience the world.
